City & County Labor Law Posters

The cities & counties below require additional labor law posting requirements due to differences in local labor laws. These posters are mandatorily required by all businesses with employees and are to be posted in addition to State & Federal labor law posters.

Currently 13 states in the United States have specific cities and counties that require an additional labor law poster per local mandates. Most common differences at the local level are in minimum wages but can cover other aspects of labor laws as well.

Bilingual Product Offerings

All of our Complete, State Only, and Federal Labor Law Posters are available in both English and Spanish to ensure that all of your employees know their rights under the law.
